

**Baby care pegboard display**

BAC-display has made the customized this Baby care pegboard display for our client from Saudi Arabia. We will always adhere to the principle of "quality first, client first," and we cordially invite customers to visit us for consultation. It is only 1 hour driving time from Baiyun airport. Our products have a good quality & price advantage and cover most of the European and American markets.

This Baby care pegboard display is used in Maternal and baby stores for sales of your brand products like: baby bottles, nipples, baby food products. This baby care pegboard display rack is a popular style advertising display because it can use the hooks to hang the packages of your products, and some others may be piled up on top of each shelf. These shelves are made of metal sheet to keep small things from falling down. Advertising board logos can be your brand with photos, which is better for showing to clients. Good quality raw materials make this display used for a long time than others. The folded structure can save space when loaded in a container. The more information is as follows. Welcome to contact us when you have more questions about this display stand.
